EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Hunaid Basrai on 2/7/2007.

The application has been amended as follows:

39. (Currently amended) The computer-readable storage medium of Claim ~~38~~ 37, wherein the icon overlay is provided in the form of a magnifying glass.

Allowable Subject Matter

2. Claims 1-2, 5-10, 12-18, 20-21, 23-26, 28, 31-32, 35-37, 39, and 41-43 are allowed.

The following is an examiner's statement of reasons for allowance: Independent claims 1, 8, 15, 21, 26, 31, and 37, when considered as a whole, are allowable over the prior art of record. Specifically, prior art of record fail to clearly teach or fairly suggest the limitations "providing an icon overlay over an icon representing a node once a node is selected by the user for expansion to provide an indication to the user that the node is selected for expansion, wherein the user selects the node for expansion by selecting a plus-sign element that is associated with the icon representing the node and wherein the node is represented as part of a tree view on the display; and moving the icon overlay between a plurality of positions at selected time intervals so as to provide an indication to the user that the processing of the expansion of

the node is occurring." The dependent claims further add limitations to the allowable subject matter of the corresponding independent claims; thus are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
